Table of Contents

Preface	vii
 1. Taking the Stage	 1
Characteristics of Sinatra	2
Is It a Framework?	2
Does It Implement MVC?	2
Who's Using It?	3
What Does a Production Project Look Like?	3
What's the Catch?	4
Are These Skills Transferrable?	4
Installation	4
Thin	4
Up and Running	5
Breaking Down the Syntax	6
Testing with Telnet	8
Rock, Paper, Scissors or "The Shape of Things to Come"	10
Summary	13
 2. Fundamentals	 15
Routing	15
Hypertext Transfer Protocol	16
Verbs	16
Common Route Definition	18
Many URLs, Similar Behaviors	19
Routes with Parameters	20
Routes with Query String Parameters	21
Routes with Wildcards	21
The First Sufficient Match Wins	21
Routes with Regular Expressions	22
Halting a Request	23
Passing a Request	23

Redirecting a Request	24
Static Files	25
Views	27
Inline Templates	27
External View Files	28
Passing Data into Views	29
Filters	30
Handling Errors	31
404 Not Found	32
500 Internal Server Error	32
Configuration	34
HTTP Headers	34
The headers Method	35
Exploring the request Object	36
Caching	38
Setting Headers Manually	38
Settings Headers via expires	39
ETags	40
Sessions	42
Destroying a Session	43
Cookies	43
Attachments	44
Streaming	45
Keeping the Connection Open	46
Finite Streaming	47
Summary	47
 3. A Peek Behind the Curtain	 49
Application and Delegation	49
The Inner Self	50
Where Does get Come From?	51
Exploring the Implementation	52
Helpers and Extensions	53
Creating Sinatra Extensions	54
Helpers	55
Combining Helpers and Extensions	58
Request and Response	58
Rack	58
Sinatra Without Sinatra	59
Rack It Up	61
Middleware	61
Sinatra and Middleware	62
Dispatching	62

Dispatching Redux	63
Changing Bindings	64
Summary	66
4. Modular Applications	67
Subclassing Sinatra	68
Running Modular Applications	68
About Settings	71
Subclassing Subclasses	73
Dynamic Subclass Generation	76
Better Rack Citizenship	78
Chaining Classes	78
On Return Values	82
Using Sinatra as Router	83
Extensions and Modular Applications	85
Helpers	85
Extensions	86
Summary	87
5. Hands On: Your Own Blog Engine	89
Workflow Concept	89
File-Based Posts	89
Git for Distribution	90
Semistatic Pages	91
The Implementation	92
Displaying Blog Posts	92
Git Integration	96
Glueing Everything Together	99
Summary	103
